**Section 214 Application**

**Applicant: Adelphia Telecommunications, Inc.**

On **February 24, 2005**, **Adelphia Telecommunications, Inc.** (Adelphia or Applicant), located at **5619 DTC Parkway, Suite 800, Greenwood Village, CO 80111**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority to the extent necessary, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its provision of long distance service in the states of Arkansas, Delaware, Illinois, Iowa, Kansas, Louisiana, Minnesota, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, Rhode Island, South Dakota, Utah, Wisconsin and Wyoming, and in the District of Columbia.

Adelphia indicates that it seeks to discontinue its provision of long distance service in the affected states and the District of Columbia as part of its plan to restructure its business and improve the economic efficiency of its operations. Specifically, Adelphia states that it seeks to discontinue long distance service on February 26, 2005, or as soon thereafter as the necessary state and federal regulatory authorizations may be obtained. Adelphia indicates that it currently does not have any customers in the affected states or the District of Columbia, and submits that, as a result, no notice to customers was necessary. Adelphia further submits that the proposed discontinuance will not affect the provision of long distance service in any of these geographic areas. Adelphia states that it is a non-dominant carrier with respect to this service, and that there are multiple regulated carriers providing long distance service in each of these locations.

In accordance with section 63.71(c) of the Commission's rules, Adelphia's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Adelphia that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, Adelphia may not terminate service until April 10, 2005. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a “permit but disclose” proceeding for purposes of the Commission’s *ex parte* rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **March 24, 2005**. Such comments should refer to **WC Docket No. 05-91 and Comp. Pol. File No. 700**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission’s Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 Fed.
